Hello Oakville West Conservatives!

Lately, I have been hearing expressions of discouragement in our community. The cost of living crisis, increase in crime, and many more recent shifts in our society have sadly encouraged many people to contemplate leaving Canada.

But I believe that better days are ahead, and together, you and I can help Canada restore its strengths and find a new and practical path to a great future.

This summer we will select the person who will represent the party in the forthcoming federal election. As a long-time community and arts advocate, business owner, past two-term Chair of the local Chamber of Commerce, and Conservative candidate for Parliament in the last federal election (Oakville, 2021), I am ready for this job.

**I need your support.** Please consider renewing or purchasing a \$15 Conservative Party membership to enable you to vote in the upcoming nomination.
